**Subject:** RE: Notice of submittal of proposed rule to NR205 - NPDES regulations

Hi Jodie, thanks for your call today regarding the location of the proposed changes on the DNR website. As I mentioned, DNR sent the proposed changes out to a GovDelivery list and a list of parties that have indicated interest in the WPDES program. The rule changes are publically available at [http://docs.legis.wisconsin.gov/code/chr/all/cr\\_17\\_002](http://docs.legis.wisconsin.gov/code/chr/all/cr_17_002). They are also located on the DNR website under the NRB's agendas (item 2A2 at the December meeting): <http://dnr.wi.gov/About/NRB/2016/December/December-2016-NRB-agenda.html> .

Thanks again for reviewing the rule at this point in the process, and please feel free to call me with any questions that might arise.

Jason

Hi Jodie,

The webpage you referenced reflects our currently effective code. The document that was sent to you includes proposed changes to the currently effective code. We currently are in a public comment period for the proposed changes, so, upon closure of the comment period and approval of the changes by the necessary governmental bodies, the link you sent will be updated with the changes. We are asking EPA to review now in order that we can make any necessary changes before the rule is final. If you have any questions on the process, please feel free to call me at 608-267-7894.

Thanks,

Jason

**Cc:** Compton, Mark  
**Subject:** Notice of submittal of proposed rule to NR205 - NPDES regulations

Hi Jason,

I am reviewing parts of this proposed rule and noticed a discrepancy between what was submitted to EPA for rule changes and what is posted on-line at [https://docs.legis.wisconsin.gov/code/admin\\_code/nr/200/205](https://docs.legis.wisconsin.gov/code/admin_code/nr/200/205) . What was submitted to EPA, specifically for NR205.03(27) and (28) appears to be corrected with the additions EPA requested. However what is posted on-line does not contain the corrections. Specifically, NR205.03(27) should have the addition of a "landfill leachate collection system" and NR205.03(28) should have the addition of "filter backwash". By chance was the wrong version of the rule posted on-line?

Thanks,

**Jodie Opie**
